

Cookie usage policy

Last change: 17.04.2023.

Privacy Policy Use of our Web site describes the different types of cookies used in connection with the website owned and controlled „Galleria business center“. By accessing this site, you agree to the use of cookies in accordance with our cookie use policy. You can withdraw your consent and disable the use of cookies at any time in the manner described below. Disabling cookies may affect some uses of this website and the services provided on the website.

You have the option to agree to the use of cookies before entering the website. These rules allow you to grant or deny consent for each category of cookies (except Strictly Mandatory Cookies, which cannot be refused).

This cookie policy does not apply and we are not responsible for the privacy practices of third party websites that may be linked to this Website.

If you have additional questions, please contact us at phiwa@phiwa.com.

About Cookies

Cookies are a standard feature of websites that allow us to store small amounts of data on your computer about your visit to our site. They have a wide application because they help the work of the site and increase efficiency by recognizing and remembering information and thus make your use of the site easier (through remembering your chosen settings). Cookies also help us find out which parts of the site are useful and which need improvement, as well as to provide you with targeted ads by tracking your use of the site.

- **First-party cookie and third-party cookie**

Cookies are downloaded from the Internet by your internet browser when you

first visit the site. The next time you access a site from the same device, the cookie and the information in it return to the site that collected them (First-party cookie) or to another location to which they belong (Third-party cookie).

Third-party cookie providers set when you are logged in to their site and visit our site. We have no influence on the cookie settings on this website. Please visit the websites of third party providers for more information on how they use cookies.

First- and third-party cookies allow websites to recognize whether you have previously accessed our site using the same browser, and this in many cases affects the content displayed. If you refuse to use all cookies, neither the first nor third party cookies will be used. In that case, there will be no difference between these two types of cookies.

Please note that the cookie on the first page also includes the necessary cookies for the website to function (their name is **\”Required\”**), which will remain active due to the fact that the website will not function without them. **If you do not wish to accept these cookies, please do not use our website.**

- **Persistent and session cookies**

Depending on the expiration date, cookies are divided into **\”permanent\”** or **\”session\”** cookies.

A persistent cookie is stored on your computer until it expires or until you remove it.

The session cookie, on the other hand, is removed when you close your browser. In addition to accepting cookies, when you visit our site as described below, in general, you can choose whether to accept cookies by changing the settings in your browser.

How Do We Use Cookies?

- **Refusal to use cookies**

You have the opportunity to agree to the use of cookies that will allow you to use all the functions of our site without restriction when visiting our site.

You cannot refuse cookies called **\”Required\”**. They are necessary for the

functioning of the website. **If you do not wish to accept these cookies, please do not use our website.**

Rejecting other cookies may or may not affect your user experience and functionality while using our site.

If you refuse to use all cookies, the first and third party cookies will be deactivated (except for the required cookies described above). In addition, the first page cookies will be deleted (except for the required cookies described above). We are unable to delete any third-party cookies. For this reason, you must delete third-party cookies yourself. This can only be done within your browser settings (see next paragraph).

- **Deactivate and / or remove cookies through your browser**

If necessary, you can change the cookie settings in your internet browser. Your browser allows you to change your cookie settings. Such settings are usually in the menu of your Internet browser under the following items: \"options\", \"tools\" or \"preferences\". You can also look at the \"help\" item in the menu. Different browsers may use different mechanisms to disable cookies. Visit the following links for more information on how to manage your cookie settings:

[Cookie settings in Internet Explorer](#)

[Cookie settings in Firefox](#)

[Cookie settings in Chrome](#)

[Cookie settings in Safari](#)

When it comes to browser settings, the same principles apply to deleting previous cookies and deactivating new cookies. Please follow the appropriate guidelines of your browser as described above.

There are also online tools for cleaning up all the cookies left by the websites you have visited, such as www.allaboutcookies.org.

When you visit our site from another computer, you need to change your settings again.

What cookies do we use?

Below are the different types of cookies that we and third parties use on the site: These are cookies required and third party cookies.

Cookies needed

The necessary cookies provide functions without which you would not be able to use this site.

These types of cookies contain information about the language you have chosen as the primary, information about your decision to use cookies on our site, etc. In particular, the use of these cookies for the purposes described above is based on our justified efforts to ensure the proper technical functioning, access and use of our site and to provide you with the services you have expressly requested. **These cookies are necessary for the operation of the website and cannot be turned off on our website.** You can set your browser to block these cookies or to warn you about them, but in that case some parts of the site may not work.

Cookies used:

- pll_language – postavke za izabrani jezik Web sajta
- cookies_and_content_security_policy – informacije o Vašoj odluci o upotrebi kolačića na našem sajtu

Third party cookies

a. Cookies for a better website experience – Experienced cookies. These cookies collect data on user behavior on the Website, with the purpose of improving the experiential component of the Website (e.g. which parts of the Website are visited most frequently). They do not collect information through which they could identify the user.

Used cookies: Google (1P_JAR, ANIP, CGIC,DV,NIV,SNID)

b. Performance cookies – Statistical cookies are used to provide statistics on the performance of our site (eg for counting visits, source of visits). These cookies allow us to count visits and traffic sources so that we can measure and

improve site performance. They help us know which pages are the most and least popular and see how visitors navigate the location. All information collected by these cookies is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you visited our location.

Used cookies: we do not use them at this time.

Note: We will soon launch Google Analytics, which is used to monitor the performance and attractiveness of the website. This service will generate this type of cookie.

b. Targeted cookies – Marketing cookies are set through our location and set by our advertising partners. They can be used by these companies to create a profile of your interests and show you relevant ads in other locations. They work by uniquely identifying your browser and device. If you do not allow these cookies, you will not experience our targeted ads on other websites.

Used cookies: we do not use them at this time.

Updating the cookie usage policy

If necessary, we make changes to the Policy on the use of cookies, which takes effect when we publish it on our website.

We recommend that you periodically check this page to stay up to date with possible changes.
